What Will Johnson Says

“A Safe Offering From Which To Buy”

Courageously and with faith in their breed the four consignors to this sale are presenting their year's productions for public approval. Four years ago these firms decided upon an annual sale by auction for the purpose of disposing of their yearly surplus at prices to be fixed by the buying public. Depressed prices have not deterred them from this purpose. This catalogue discloses the rich blood lines that have been drawn upon in building their herds and making possible this offering. The four herds are improving from year to year and are composed of better and more desirable and more profitable type of animals than heretofore. As the cattle to be sold are truly representative of the herds from which they are drawn, this will be the best lot of cattle that has been sold by these breeders.

These herds are clean and healthy. The owners represent the best type of producers of Shorthorns in the greatest agricultural and pure bred livestock state in the Union. They are well established upon a permanent basis and are well known as well for the excellent quality of their productions as for the high character of their dealings. Reputation for integrity and intelligence in selection of breeding animals are the most important factors in herd building. These firms possess both of these qualifications in a high degree and it is a pleasure to be given this opportunity to recommend them and their products to those who wish to purchase Shorthorns of good quality that will prove profitable to the buyers.

WILL JOHNSON,
Of the Shorthorn World.
